<input type="checkbox"/>	<input type="checkbox"/>	Amblyopia (lazy eye)			

Do you use any of the following on a regular basis: ___ Tobacco ___ Alcohol ___ Other Substances

Are you allergic to any medications? yes no

Please list _____

Eyewear Safety

- Everyday eyewear is not appropriate for all uses.
- A dress frame can cause serious facial injuries if used for sports or other more hazardous activities.
- Lens materials and lens thickness also affect eyewear safety. Polycarbonate and plastic materials are more shatter resistant and therefore safer than glass.
- We strongly recommend polycarbonate or plastic lenses for all children and active adults.

Lifestyle Factors! Your answers will assist us in selecting the best eyewear for you!
